

w\_module\_integral::  
y\_avrlon\_xy

```
graph LR; A["w_module_integral::  
y_avrlon_xy"] --> B["w_module_integral::  
y_intlon_xy"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box has a gray background and contains the text 'w\_module\_integral::' on the top line and 'y\_avrlon\_xy' on the bottom line. The right box has a white background and contains the text 'w\_module\_integral::' on the top line and 'y\_intlon\_xy' on the bottom line. The arrow is a solid blue line with a triangular arrowhead pointing towards the right box.
